All best bonuses are integrated.

BACK OFFICE

Our Back Office isn't just a calculator; it's your all-in-one solution.

Our back office is the best in on the market.

BO is not just a calculator. He does everything for you and your partners.

As your partners register in BO they sign in the agriment and invoices.

No paper no pen. Everything is automatic

AFFILIATE SYSTEM

Our state-of-the-art affiliate system takes care of recruiting affiliates worldwide.

Works automatically and do everything for your casino.

To recruit any affiliate anywhere in the world, just send the link by WhatsApp, Skype, Email, etc. and they register by themselves.

The same for new players. Any affiliate or players can send a promo card to recruit new players.

SPORTS BOOK

A place where a player can bet on various sporting events including golf, football, basketball, baseball, ice hockey, soccer, horse racing, greyhound racing, boxing, mixed martial arts, etc.

The method of betting varies with the sport and the type of game.

WHITE LABEL

For those looking to start an operation swiftly, our White Label option is the perfect choice.

WL is for people who want to start an operation for a short time.

You will have an online casino in your style.

CUSTOMER CRITERIA

To take full advantage of this opportunity, customers are required to meet the following prerequisites:

1. Registered Company: Customers must have a registered company within a jurisdiction that permits online casino operations.
2. Gambling License: It is essential that the customer, along with their associated company, holds a valid gambling license compliant with relevant regulatory standards.
3. Agreements with Providers: Customers are required to establish agreements with game providers, as well as payment providers, to facilitate smooth operations. For those interested in offering a Sportsbook, an agreement with a sportsbook provider is equally essential.
4. Pricing and Integration: The pricing for this comprehensive offering starts at approximately E,000, dependent on CUSTOMER REQUIREMENTS

5. Customization: Clients are encouraged to submit a comprehensive list of their integration requirements. Our IT team will collaborate closely to ensure these specifications are met, facilitating a tailored solution that aligns with the client's vision.

We understand that each client's needs are unique, and the ultimate pricing will reflect the exact specifications and integrations tailored to meet their specific requirements. We are committed to providing a seamless and successful launch for each of our esteemed clients.

Should you require further information or clarification, please do not hesitate to reach out to our dedicated team. We look forward to the possibility of partnering with you on this exciting venture.
